## TASTING NOTES

---

### THE BISHOP'S TIPPLE

(DRAUGHT 5.5% ABV, 500ML BOTTLE 6.5%)

The Bishop's Tipple has been a legend amongst ale drinkers ever since it was originally brewed to commemorate George Reindorp's appointment as Bishop of Salisbury.

*"This blessed beer will be my undoing ... It's so damnably refreshing, a temptress with its pale, golden hue and soft after palate from those tantalising Saaz and Styrian Goldings hops giving the beer that divine drinkability. I crave for the indulgence to once again let that clean, golden liquid pass my lips ... though I fear I will have to forsake this beguiling tipple of mine all too soon."*

---

The Bishop's Tipple is brewed from 94% low colour malt from Optic barley and 6% cane sugar.

Bitterness units of 38-42 are obtained from substantial quantities of Saaz and Styrian Goldings hops.

One third of these are reserved for the hopback plates for enhanced flavour and aroma. Colour rating is 16.
