

BLAZING HOP

Bring on the sunshine

ABV: 4.5%
Available: July
Format: Cask, 440ml can

Brewer's notes:

Deep golden English IPA with a striking aroma of cut citrus peels balanced by toffee and caramel from speciality kilned malts. Brewed to showcase its hop aroma, and zesty in taste, this beer finishes with robust bitterness.

Ingredients:

Malts: Pale, Caramalt and Munich.
 Hops: Citra, Admiral and the addition of orange peel.

Did you know?

Derived from the Greek word 'kryos' meaning frost, Cryo Citra hops were used in the dry hop stage of the process. This process concentrates the lupulin, the tasty aromatic bit, enabling a tasty aromatic beer without the astringency sometimes associated with hoppy beers.

Tastes great with:

This strongly flavoured beer is looking for a strong partner, so works great with curry, chilli and other spicy foods. It also pairs well with a classic chocolate pudding.

ENGLISH IPA	ABV 4.5%
